Timing - potentially sorted. Racking - being investigated. Redcross received application but not confirmed. Venue - nothing in writing but verbally confirmed. Prizes - Sadie will provide gifts. Sponsorship - no update. Marshalls - Kat to ask cadets. First aid - ambulance hire is expensive, investigate if we actually need it. Ladies team event clashes so marshalling needs to be sorted. Age limit for marshalls?

#### Junior Flashman

Permit received. Pool and Council permission gained for course. Permission and deposit for pool and contract gained. Gifts to be t-shirts, certificates and/or medal. Spot prizes but no need for other prizes. Racking, a Leicester company is being investigated with a view to buying rather than hiring. Bathroom Solutions are sponsoring race. Marshalling, should have 38 parents and swimming club.

#### Club/Star Mark

This has been achieved, we should get £800 from BTF as a reward.

#### Enderby

Session going well however, there appears to be some confusion over the kids and coaching which needs to be resolved.

#### Open Water

Chris happy to manage, nights needs to be arranged due to the new Wednesday Enderby session. Need to resolve a spotting rota, risk assessment and water testing.

#### Coaching

Tom to volunteer coaching on Tuesday at the track as part of Level 1 Coaching qualification whilst he is injured.

Richard will have a think about a coaching plan for the club to take advantage of our newly qualified and existing coaches. Level 1 coached need a Level 2 coach to supervise, these are currently Brian Borrows, Richard Chipps, Paul Dale (poss Craig Twigg and Steve Matthews)

#### AOB
